

The Heart of Skills Innovation

“TETA UTTERS A TRIBUTE TO DR NELSON ROLIHLAHLA MANDELA”

The Transport Education and Training Authority joins the nation and the rest of the world in paying tribute to the Great Icon of our time, Dr Nelson Rolihlahla Mandela.

The staff, board and senior management of TETA recognise and acknowledge the contribution that Tata has made in the peaceful transformation and development of South Africa.

South Africa and the world have witnessed and learned invaluable lessons from his humanity and forgiving nature.

As TETA, we hope to preserve his memory and legacy through a visible contribution to the broader community of South Africa through high-impact interventions that place a special focus on the youth and the previously excluded populace that he so cared for.

Just 3 days before the passing of Dr Mandela, TETA, in collaboration with the Deputy Minister of Higher Education and Training, Mr Mduduzi Manana, Transnet, SAA, SA Express, Mbombela Operating Company, Mango Airlines, Nelson Mandela Foundation and Natal Sharks Board, had taken 30 girls from 9 provinces to the Nelson Mandela Centre of Memory; this was part of a 4-day career guidance tour of the Aviation, Rail and Marine. The girls had the opportunity of experiencing the life of Tata Mandela from the pre-Rivonia Trial, the Robben Island incarceration to his release and Presidency.

Tata Mandela has been a beacon of courage, hope, freedom and reconciliation for all races across the globe. The strength of his passion, his love for children and the strength of character have won him global friendship, respect and iconic status among all peace-loving nations of the world.

To the Mandela family, TETA extends its sincerest condolences and well wishes to the entire Madiba family. The Nation, Africa and the world at large has lost a colossus, an epitome of humility, equality, justice, peace and the hope of the global community.

Lala Nqoxolo Madiba, May your Soul Rest in Peace.
