The minimum qualifying score that must be obtained for functionality in order for a quotation to be considered further should not be generic. It should be determined separately for each bid on a case by case basis. The minimum qualifying score must not be prescribed so low that it may jeopardise the quality of the service required nor so high that it may be restrictive to the extent that it jeopardizes the fairness of the SCM system.

7. FUNCTIONALITY CRITERIA

Functionality will be in accordance with provisions of the latest National Treasury Instruction dated 15 September 2010. The ratings will be as follows:

1 = Poor 2 = Average 3 = Good 4 = Very Good 5 = Excellent
