

BECOME AN EASA ACCREDITED PILOT!!!!!!

Conversion of your CAA CPL license to 'Frozen ATPL'

Pi-Flight Academy offers the first EASA (European Aviation Safety Agency) accredited pilot training for the African continent. This will be done in cooperation with the Transport Seta (TETA).

With an EASA pilot license-Frozen ATPL- you can fly for any airline anywhere in the world. Starting as a co-pilot and after 1500 hours of flying hours, become a captain.

Assessment and Theory take place in Johannesburg, South Africa. Your practical training and exams will be done in Europe.

We are looking for CPL candidates M/F

We offer:

- An EASA accredited Frozen ATPL
- A full funded program by the TETA(including practical training in Europe + travel & housing)
- Career opportunities in Europe and Africa
- Program for previously disadvantaged

Pre-requirement:

- Valid CAA CPL license
- At least total 200 hours of flight time
- At least 100 hours as PIC
- At least one X-country trip 300 NM
- Medical class 1 certificate (part of the program)

Please send your application before **15 February 2019** accompanied by your ID and certified CPL certificate.
