SCHEDULE 14

TAX CLEARANCE CERTIFICATE REQUIREMENTS

1. Background

- 1.1. Government is committed to increasing the degree of compliance with supply chain management prescripts and ensuring that persons conducting or intending to conduct business with the State are afforded no scope to abuse the Supply Chain Management system.
- 1.2. It is therefore essential to ensure that persons conducting business with the State are tax compliant at the awarding of price quotations or competitive bids as no price quotations or competitive bids may be awarded to persons who are not tax compliant.
- 1.3. On the 18th April 2016, the South African Revenue Service introduced an enhanced tax compliance status system on eFiling aimed at improving tax compliance and making it easier for taxpayers to manage their tax affairs.
- 1.4. National Treasury Regulation 16A9.1(d) requires an Accounting Officer and Accounting Authority to reject any bid from a supplier who fails to provide written proof from the South African Revenue Service that, that supplier either has no tax obligations or has made arrangements to meet outstanding tax obligations.
- 1.5. Therefore, in terms of the legislative requirements, the new tax compliance status impacts on supply chain management processes and documentation as the South African Revenue Service no longer issues tax clearance certificates.

2. Implementation of Tax Compliance Status System

- 2.1. In order to comply with the provisions indicated in paragraph 1 above and the condition of bid that successful bidder's taxes are in order, Accounting Officers and Accounting Authorities of all PFMA compliant institutions must:
 - a) Designate employees, preferably from the Supply Chain Management Unit, who must verify the tax compliance status of a taxpayer on the South African Revenue Service's eFiling system. *Guidance to the Tax Compliance functionality on eFiling is available on the South African Revenue Service website: www.sars.gov.za*
 - b) Utilise the Standard Bid Document 1 issued with this Treasury Instruction when inviting bids;
 - c) As a bid condition, Accounting Officers and Accounting Authorities must request bidders to register on the Central Supplier Database and include in their bid a copy of their Master Registration Number (Supplier Number) in order to enable the institution to verify the supplier's tax status on Central Supplier Database;
 - d) An Accounting Officers and Accounting Authorities may also request a supplier to provide tax compliance status PIN to verify bidder's tax compliance status; and
 - e) Print the tax compliance status screenview or letter with the result of the bidder's bid documents for audit purposes
- 2.2. The Central Supplier Database and the tax compliance status PIN are the approved methods that will be utilised to verify tax compliance as the South African Revenue Services does not issue Tax Clearance Certificates but has made an online provision available, via eFiling, for bidders to print their own Tax Clearance Certificates which they can submit with their bids or price quotations.

- 2.3. Accounting Officers and Accounting Authorities must therefore accept printed or copies of Tax Clearance Certificates submitted by bidders and verify them on the eFiling. The verification result recorded as per 2.1 must be filed for audit purposes.
- 2.4. Where a supplier does not submit a tax compliant status PIN but provides a Central Supplier Database Number, Accounting Officers and Accounting Authorities must utilise the Central Supplier Database Number via the Central Supplier Database website www.csd.gov.za to access the supplier records and verify tax compliance status. A printed screen view at the time of verification must be attached to the Supplier's records for audit purposes.
- 2.5. Where goods and services are procured from foreign suppliers with tax obligation in South Africa, proof of tax compliance status must be obtained from the supplier.
- 2.6. Foreign suppliers with neither South African tax obligation nor history of doing business in South Africa must complete a pre-award questionnaire on the Standard Bidding Document 1 for their tax obligation categorisation. Where a recommendation for award of a bid has been made to a bidder that responded as not being liable for taxation in South Africa, the Accounting Officers and Accounting Authorities must refer such a bidder to the South African Revenue Services on the following email address: GovernmentInstitute@sars.gov.za and provide the following information to the South African Revenue Service:
 - a) Details of the foreign entity
 - b) Description of goods and services being supplied by the entity; and the
 - c) Name of the South African Government institution the bidder will be providing goods or services to
- 2.7. Where goods and services are procured from foreign suppliers with no tax obligation in South Africa for use by e.g. South African Embassies or any South African office outside the country, there is no need to require proof of tax compliance status.
- 2.8. Where goods and services are imported, all custom related taxes shall be applied as prescribed by South African Revenue Service

3. Application during Supply Chain Management Process

3.1. Designated employee(s) must verify the bidder's tax compliance status prior to the finalisation of the award of the bid or price quotation

-
- 3.2. Where the recommended bidder is not tax compliant, the bidder must be notified of their non-compliant status and be granted reasonable timeframe to rectify their tax compliance status with the South African Revenue Service. The bidder must thereafter provide the procuring entity with proof of its tax compliance status which must be verified via the Central Supplier Database or eFiling.
 - 3.3. The Accounting Officer and Accounting Authority must reject a bid submitted by the bidder if such a bidder fails to provide proof of tax compliance status in terms of paragraph 3.2 above.
 - 3.4. Where goods or services have been delivered satisfactorily without any dispute, Accounting Officers and Accounting Authorities must not delay processing payment of invoices as a result of outstanding tax matters, unless directed otherwise by the South African Revenue Service.
